W4LAC Ham Member QRZ Page Can anyone tell me if they've run across the two modifications in the attached photos on a Kenwood TS-830S? Trying to figure out what the purpose is for cutting these two wires.

Kenwood TS-830S Modifications | QRZ Forums

"Tom, After spending \$500 for this amp 2 years ago and another \$400 for repairs to getting it back on the air that ' s \$900 and now another \$400 for all the mods done to it that places it at \$1300." This TL-922 Kenwood was a victim of very strange, but expensive, pathological science and engineering.

Kenwood TM-281a Mars Mod | Expand Transmit | Wide-band ...

Kenwood TL-922 Revival Modification Kit. T he Kenwood TL-922/TL-922A is a relatively low-cost HF linear amplifier with outstanding ergonomics. These amplifiers were constructed with high-quality components, in a form-factor that is attractive, functional, and unobtrusive. Unfortunately, that original design (now 30+ years old) included a number of design shortcomings, some of which were detrimental to the amplifier's operation and longevity.

Kenwood TL-922 Modification Kit - Kessler Engineering, LLC ...

The major manufacturers do not provide 902 MHz equipment directly for amateur use, so the aspiring ham needs to get creative and adapt some business radio gear. The Kenwood TK-981 is arguably the easiest and best way to get on the 902 MHz band. It's small, modern, and very well designed.

Kenwood TK-981 - eHam.net

another \$400 for all the mods done to it that places it at \$1300. ” This TL-922 Kenwood was a victim of very strange, but expensive, pathological science and engineering. While parasitics certainly can occur, they are grossly exaggerated in an effort to sell magical suppression kits. Stability
